Puerto Rico Department of Treasury
Treasury Single Account ("TSA") FY 2022 Cash Flow
For the month of November FY22
Disclaimer

- The Puerto Rico Fiscal Agency and Financial Advisory Authority ("AAFAF"), the Government of Puerto Rico (the "Government"), and each of their respective officers, directors, employees, agents, attorneys, advisors, members, partners or affiliates (collectively, with AAFAF and the Government the "Parties") make no representation or warranty, express or implied, to any third party with respect to the information contained herein and all Parties expressly disclaim any such representations or warranties.

- The Parties do not owe or accept any duty or responsibility to any reader or recipient of this presentation, whether in contract or tort, and shall not be liable for or in respect of any loss, damage (including without limitation consequential damages or lost profits) or expense of whatsoever nature of such third party that may be caused by, or alleged to be caused by, the use of this presentation or that is otherwise consequent upon the gaining of access to this document by such third party.

- This document does not constitute an audit conducted in accordance with generally accepted auditing standards, an examination of internal controls or other attestation or review services in accordance with standards established by the American Institute of Certified Public Accountants or any other organization. Nor does this document constitute an audit of compliance with any other federal law, rule, or regulation. Accordingly, the Parties do not express an opinion or any other form of assurance on the financial statements or any financial or other information or the internal controls of the Government and the information contained herein.

- Any statements and assumptions contained in this document, whether forward-looking or historical, are not guarantees of future performance and involve certain risks, uncertainties, estimates and other assumptions made in this document. The economic and financial condition of the Government and its instrumentalities is affected by various financial, social, economic, environmental and political factors. These factors can be very complex, may vary from one fiscal year to the next and are frequently the result of actions taken or not taken, not only by the Government and its agencies and instrumentalities, but also by entities such as the government of the United States. Because of the uncertainty and unpredictability of these factors, their impact cannot be included in the assumptions contained in this document. Future events and actual results may differ materially from any estimates, projections, or statements contained herein. Nothing in this document should be considered as an express or implied commitment to do or take, or to refrain from taking, any action by AAFAF, the Government, or any government instrumentality in the Government or an admission of any fact or future event. Nothing in this document shall be considered a solicitation, recommendation or advice to any person to participate, pursue or support a particular course of action or transaction, to purchase or sell any security, or to make any investment decision.

- By receiving this document, the recipient shall be deemed to have acknowledged and agreed to the terms of these limitations.

- This document may contain capitalized terms that are not defined herein, or may contain terms that are discussed in other documents or that are commonly understood. You should make no assumptions about the meaning of capitalized terms that are not defined, and you should consult with advisors of AAFAF should clarification be required.

Introduction

- Enclosed is the monthly Treasury Single Account ("TSA") cash flow report and supporting schedules with monthly YTD FY2022 actual results compared to the FY2022 Liquidity Plan ("LP").

- TSA is the Commonwealth’s main operational bank account (concentration account) in which a majority of receipts from Governmental funds are deposited and from which most expenses are disbursed.

- Receipts in the TSA include tax collections (including revenues assigned to certain public corporations and pledged for the payment of their debt service), charges for services, intergovernmental collections (such as reimbursements from Federal assistance grants), the proceeds of short and long-term debt issuances held in custody by the Secretary of Treasury for the benefit of the Government fiduciary funds, and other receipts. Only a portion of the revenues received by the TSA is included in the annual General Fund budget presented to the Puerto Rico Legislative Assembly for approval. Other revenues are separately assigned by law to certain agencies or public corporations but still flow through the TSA.

- Disbursements from the TSA include payroll and related costs, vendor and operational disbursements (including those reimbursed by Federal assistance grants and funded from Special Revenue Funds), welfare expenditures, capital outlays, debt service payments, required budgetary formulas and appropriation payments, pass-through payments of pledged revenues to certain public corporations, tax refunds, payments of current pension benefits and other disbursements.

- Federal funds related to disaster relief for hurricanes Irma and Maria are deposited in a separate bank account overseen by the Government Authorized Representative ("GAR"). Funds may be transferred to the TSA either: (i) after admissible disbursements (per approved Project Worksheets) have been made or (ii) once supporting documentation for an accrual or related expense are provided to and approved by FEMA. Therefore, FEMA funding may also be received in advance of actual cash disbursement, as payments to vendors may occur subsequent to when the corresponding services are rendered / expenses are recorded.

- Federal funds related to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act have been deposited into bank accounts overseen by Hacienda, but separate from the TSA.

- Sistema Unificado de Rentas Internas ("SURI") is the new digital platform designed to integrate and streamline the administration of taxes and revenues. Collections are initially deposited into a SURI sweep account outside of the TSA. Collections must be verified and reconciled before they can be swept into the TSA. The reconciliation process is still being refined, and as a result, there have been significant delays in transferring collections from the sweep account to the TSA. The SURI sweep account balance is reported on page 5 of this report.

- Data limitations and commentary:
  The government has focused on cash transaction information for which access to reliable, timely, and detailed data is readily available. The government continues to work with DTPR and other parties to access additional reliable data that would help to provide additional detail in the future.

<td>3. Puerto Rico received $2.2 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and $2.5 billion of federal Coronavirus State &amp; Local Fiscal Recovery funds (CSLFRF). These funds are held in separate accounts outside of TSA. Many initiatives funded by these accounts are initially paid out through TSA, and later reimbursed from the respective external account. These reimbursements can lag disbursements, especially for payments made by agencies with independent systems.</td>

YTD Cash Flow Summary - TSA Cash Flow Actual Results

Net Cash Flow - YTD Actuals
1.) The primary cash driver of FY22 is state collections. Federal Fund inflows of $3,671M represent 41% of YTD inflows, but are largely offset by Federal Fund disbursements, with YTD net deficit of -$163M (Refer to page 13 for additional detail).

Net Cash Flow YTD Variance - LP vs. Actual
1.) State collections performing ahead of forecast are the largest positive YTD variance.

Footnotes:

(a) Represents FY2021 actual results through November 30, 2020.

(b) Represents gross tax collections received and deposited from all Hacienda Collection Posts, through the Hacienda Colecturia Virtual (online) and/or SURI. Additionally, as of the date of this report, this line item includes unreconciled collections due to DTPR transition to collecting various gross tax receipts through the new SURI system. The transition from the Hacienda Colecturia collections system to SURI is ongoing and as such, revenue concept detail for the general tax SURI collections is not available at this time for the portion of collections received by the new general tax SURI account. This resulted in timing-related unreconciled gross collections which will be retroactively allocated to each revenue concept as appropriate once this information becomes available.

(c) These revenues are collected by DTPR and immediately appropriated.

(d) Inflows related to the State Insurance Fund, the Department of Labor and Human Resources, the Commissioner of Financial Institutions, interest earned on TSA bank accounts and others. As of the date this report the TSA has received $4M in interest income in FY22 from earnings on the TSA cash balance.

(e) As of November 30, 2021, there are $242M in collections in the SURI sweep account pending reconciliation and transfer to the

(f) Represents total gross payroll. Gross payroll includes net payroll disbursed to government employees, cash transfers to the Police Department for payroll costs, and other payroll related costs (employee withholdings, social security, insurance, and other deductions).

(g) Includes payments to third-party vendors as well as intergovernmental payments to agencies with separate Treasuries.

(h) Includes Federally Funded Employee Retention Credits.

(i) These line items include transfers out of the TSA related to the COVID-19 Emergency Measures Support Package. Total TSA outflows related to the COVID-19 Emergency Measures Support Package are approximately $534M as of November 30, 2021. Of this amount, $459M was disbursed in FY2020, $75M in FY2021, and $562k in FY2022.

(j) Excludes BPPR Clawback Accounts (for clawback revenues prior to June 2016) of $147M.
Key Takeaways / Notes

1.) Accumulated collections into TSA sweep accounts are now consistently transferred to the TSA with a 7-10 day lag. Motor Vehicle outperformance is the result of higher than expected vehicle sales. As of the date of this report, there were $242M in collections in the SURI sweep account pending transfer to the TSA. Other General Fund revenue includes $12M of collections pending reconciliation and allocation to specific concepts. This collections schedule will be updated as information becomes available.

(b) Relates to income tax reserves that are subsequently passed through to PRIDCO.
(c) Positive variance of +$31M relates to timing of cash transfers to the TSA.
(d) Includes some cigarette tax collections that are subsequently passed through to HTA, PRMBA and other.
(e) This amount includes FY20 Income Tax from Partnerships.
(f) SUT collections excludes PSTBA, FAM & CINE, and only includes the amounts deposited into the TSA for General Fund use.

Other State Fund Collections

Key Takeaways / Notes

1.) Other state fund collections are ahead of the Liquidity Plan. "All Other" state collections positive variance is in part driven by $25M reimbursed to the TSA by the Department of Labor and Human Resources for payroll and operating costs from prior fiscal years. This represents a permanent positive variance relative to the Liquidity Plan. Remaining variance is mostly assumed to be temporary due to timing, as special revenues and other collections may be received with irregular cadence.

Sales and Use Tax Collections Summary

Key Takeaways / Notes

1.) The proceeds from the Puerto Rico 10.5% SUT rate are allocated as follows: Of the 10.5%, 5.5% is deposited into a COFINA BNY Mellon account until the PSTBA cap is reached, and 4.5% is deposited into the General Fund. The remaining 0.5% is remitted to FAM. The PSTBA cap for FY22 is $473 million.

Footnotes
(a) This schedule reflects gross cash activity and is subject to revision based on periodic reconciliations and accounting adjustments.
(b) As of November 30, 2021 there is $36M in SUT collected pending verification and allocation. The verification process includes matching receipts with the appropriate returns and reconciling government account information. Once this process is complete, SUT funds are distributed in accordance with the COFINA Plan of Adjustment based on the ownership of funds and otherwise based on the limits on distributions established therein.

**Federal Funds Net Cash Flow Summary**

### Key Takeaways / Notes

1. Receipts for the Nutritional Assistance Program (NAP) and Medicaid (ASES Pass-through) are received in advance of the subsequent pass through disbursements. Federal Funds received for Payroll and Vendor Payments are typically reimbursed following disbursement. Currently, there may be temporary surplus / (deficit) due timing differences relating to prior year carryover. Puerto Rico received $2.24 billion from the Coronavirus Relief Fund (CRF) established under the CARES Act and $2.5 billion of federal Coronavirus State & Local Fiscal Recovery funds (CSFRF). These funds are held in a separate account outside of TSA. Some of the measures funded by the accounts are initially paid out through TSA, and later reimbursed from the respective external account.

Puerto Rico Department of Treasury | AAAF
Payroll / Vendor Disbursements Summary

Key Takeaways / Notes : Gross Payroll

1.) Positive DOE variance decreased in November due to $103M of COVID-related "Premium Pay" incentives. Negative variance for the Department of Correction & Rehabilitation is driven by $20M of Premium Pay. These COVID-related payments represent permanent variance relative to the FY22 LP payroll projection; however, they are cash flow neutral as the TSA will be reimbursed for these distributions from CSLFRF funds held outside the TSA. Negative police payroll is due to $3M of Premium Pay and $20M of additional hazard pay in October. $8M was also transferred to Police on 11/24 to fund the Christmas bonus. This was projected to occur on 12/9 in the LP, and as such this is a temporary variance that will unwind in December.

Key Takeaways / Notes : Vendor Disbursements

1.) Total YTD vendor payments are largely in line with forecast, though there are various offsetting variances within. Positive variance of $244M for the Department of Education is primarily driven by lower than projected federal fund spending. Disbursements of CRF and CSLFRF funds by the Department of Treasury via the TSA drive $67M of "Other Agencies" variance.

Footnotes
(a) Gross Payroll is equal to the sum of: (i) Net Payroll by Agency from the DTPR RHUM system; (ii) Other Payroll and (iii) Cash outlays for wage garnishments by Agency.
General Fund appropriations are generally executed throughout the year on a consistent basis in the first week of a given month. The amount transferred each month is usually the sum of the receiving entity’s budgeted amount for FY22 divided into twelve, subject to a 2.5% holdback through the first nine months of the fiscal year, to be disbursed during the fourth quarter following reconciliation of General Fund revenues to Fiscal Plan projections and subsequent approval and authorization for release by the Oversight Board and the Director of OMB. Other General Fund transfers and Other Fund transfers require the recognition of certain revenues within DTPR accounting records prior to sending funds to a receiving entity. The Liquidity Plan projected $59M of HTA Capex funds carried over from FY21 would be transferred during September 2021. Only $5.3M of these funds have been transferred at this time, driving the positive Other GF variance.
Key Takeaways / Notes: Tax Refunds

1.) Tax refunds includes EITC distributions, refunds to individuals and seniors as well other tax credits.

Key Takeaways / Notes: Pension PayGo

1.) YTD PayGo Receipts are slightly higher than forecast. Further details on the status of PayGo can be found in the monthly PayGo Report on AAFAF’s website.
