RFQ Issuance Date: Friday, August 20th, 2021
First Addendum Issuance Date: Wednesday, September 1st, 2021
FIRST ADDENDUM

TO REQUEST FOR QUALIFICATIONS

On August 20th, 2021, the Government Parties issued an RFQ for the Government of the Commonwealth of Puerto Rico ("Commonwealth"), seeking to qualify dully competent firms ("Respondents") with proven capabilities, that can assist the Commonwealth to meet the Insurance Requirement and the Comprehensive Program, along relevant incidental support (all BOLD words & terms shall have the same meaning as those provided under the RFQ).

Pursuant to the terms & conditions set forth in the RFQ, the Government Parties yearns to clarify several questions regarding the RFQ that have been received via email as of: Wednesday, September 1st, 2021, at 5:00 pm, Eastern Standard Time (i.e. the date of this First Addendum to the RFQ). Consequently, pursuant to said terms & conditions, the Government Parties hereby provide the following clarifications:

****

1. Will the Government Parties require the successful Respondent to serve as an Agent or Broker of Record for the placement of any insurance coverages that are currently provided in the existing insurance coverage or any future Parametric contracts?

   Answer: As stated in Section 1.6 of the RFQ, and pursuant to the Commonwealth’s Certified Plan: “[the annual investment of ~$35MM to cover the Commonwealth’s portion of the annual cost needed to adhere to the Insurance Requirement]...are supplemental to the existing budgeted premiums for renewing current traditional insurance policies’, Id. Consequently, already placed and/or existing insurance coverages will continue as per the procedures described in Section 1.3 of the RFQ. However, subject to Section 4.0 of the RFQ, and after factoring Section 3.5 of the RFQ, dully qualified Respondent(s) could be tasked to assist in the placement of the Comprehensive Program, as defined under the RFQ.
2. Will the successful Respondent be required to determine the actual cash values and/or replacement costs for the Government Parties’ real or personal property subject to the existing insurance coverages or any future Parametric contracts, i.e., will the successful Respondent be expected or required to conduct appraisals of such real or personal property?

*Answer:* As per Section 1.6 of the RFQ, and the Commonwealth’s Certified Plan, the following condition applies as part of the Comprehensive Program: “[d]evelopment of a sophisticated insurance plan with a comprehensive program that considers the available markets, costs, meeting the Insurance Requirement, and levels of coverage. This would include: (i) conducting a risk assessment; analyzing expected Insurance Requirement costs on a building-by-building basis; (ii) identifying the types of insurance needed to protect against risk; (iii) identifying insurance gaps. (iv) selecting the authority needed to develop, implement and enforce the plan; and (v) crafting the financial arrangement structure for funding the plan and paying for losses’. Id. Hence, subject to Section 4.0 of the RFQ, and after factoring Section 3.5 of the RFQ, dually qualified Respondent(s) could be tasked to assist the Commonwealth in conducting appraisals for certain real properties.

3. Do the Government Parties currently have any Parametric contracts or Catastrophe Bonds that will be subject to review by the successful Respondent as part of the Comprehensive Program?

*Answer:* The Government Parties (i.e. AAFAF, OCS and Treasury) does not currently have any Parametric nor Catastrophe Bonds covers as entities; in a similar token, the Commonwealth does not currently have any Parametric nor Catastrophe Bonds covers. However, to the best knowledge of the Government Parties, the only Commonwealth’s public corporation with parametric coverage is the Puerto Rico Electric Power Authority (“PRASA”), and entity that falls outside the purviews of the RFQ, since it’s a Covered Entity under PROMESA with separate certified fiscal plan(s) from the Commonwealth’s Fiscal Plan.

4. Based on the scope of the expected work required by the successful Respondent to properly support and advise the Government Parties, it is probable that several professional disciplines will be required, e.g., risk management, insurance brokerage, and reinsurance. Is it acceptable for a Respondent to have a single response that involves the expertise of more than one entity so long as there is a designated lead respondent?

*Answer:* *Answer:* The Government Parties prefer that firms submit individual responses and not submit joint responses to the RFQ. However, if a Respondent understands that its firm, or group of firms, would better respond fully to the RFQ by joining with other firms, then joint responses are allowed, as long as all firms
responding thereunder comply with the requirements set forth in the RFQ, and an explanation of why the joint response would be better serve the Commonwealth’s interests as pert the requirements of the RFQ.

5. What are the insurance policies included in the Insurance Requirement versus the traditional insurance policies?

*Answer:* The insurance policies included in the Insurance Requirement would be those policies – or equivalents, as defined in Section 1.6 of the RFQ – needed by the Commonwealth to comply with FEMA’s Obtain and Maintain Insurance Requirement, as levied by Section 311 of the Stafford Act, 42. USCA Sec. 5154, and/or Section E of FEMA’s Recovery Policy No. FP 206-086-12. The traditional insurance policies are property liability insurance policies already placed or renewed by the Commonwealth.

6. Can we get confirmation that the $35M is only for the insurance policies included in the Insurance Requirement?

*Answer:* As per Section 5.2.7, Chapter V. of the Commonwealth’s Certified Plan: “…[the]…annual investment of ~$35 million [is] to cover the Commonwealth’s portion of the annual cost of parametric insurance [or viable equivalent]”, as further detailed thereunder and in Section 1.6 of the RFQ. *Id.* Consequently, said monies are intended to cover: (i) insurance costs/premiums associated with compliance with the Insurance Requirement and (ii) the necessary consulting/advisory fees associated with the Comprehensive Program.

7. For reference on the Commonwealth’s overall total cost of risk, what is the budget for the traditional insurance policies?

*Answer:* The Commonwealth’s overall estimated budget for its property and casualty insurance policies is ~$152 million.

8. What Commonwealth entities are included in the Insurance Requirement?

*Answer:* The possible universe of Commonwealth entities to be included in the Insurance Requirement are those included in the Commonwealth’s Certified Fiscal Plan for Fiscal Year 2021-2022 (copy of which can be obtain following this link: [https://drive.google.com/file/d/1rntKnfKsN1uR-A0u9I3FM6PfGgHCr/](https://drive.google.com/file/d/1rntKnfKsN1uR-A0u9I3FM6PfGgHCr/)), as certified by the Financial Oversight and Management Board ('FOMB'), within the purviews of the Puerto Rico Oversight, Management, and Economic Stability

---

Act (‘PROMESA’)

However, in the event possible budgetary constraints arise for the Commonwealth to comply with the Insurance Requirement with the ~$35 million authorized funds, a sampling of said entities (i.e. component units) might be used. This sampling might be determined following largest entities in terms of the Commonwealth’s certified budget for Fiscal Year 2021-2022 (copy of which can be obtained following this link: (i) https://drive.google.com/file/d/1iG4n8PWZe2h4ztezoO3BPvxNrVoEyd2u/view, (ii) https://drive.google.com/file/d/1OGW4-yl9pRLEXK0-xWqgWu_eUAWAU54/view and/or total insured assets.

9. How does the additional $35M supplement the budgets for insurance that e.g. PREPA and PRASA have in their Fiscal Plans?

Answer: Although Covered Entities under PROMESA, the Puerto Rico Power Electric Power Authority (‘PREPA’), and the Puerto Rico Aqueduct and Sewer Authority (‘PRASA’), each have their own separate certified fiscal plans and separate certified budgets from the Commonwealth’s, as certified by the FOMB under the purviews of PROMESA. Consequently, at this juncture PREPA nor PRASA are not considered under the RFQ, since they are not contemplated within the Commonwealth’s Certified Plan.

10. Can you provide a summary and overview of the existing insurance program including the policies, locations, limits purchased, and the structure of the property and flood insurance policies?

Answer: this detailed information will be provided once duly qualified Respondents are selected, pursuant to the terms & conditions set forth in the RFQ. Please note that this is a potential item included within the scope of works of the Comprehensive Program.

11. Total Reinsurance limit volume placed by Respondent in the reinsurance/insurance market(s) as a broker or intermediary. Does broker include insurance producer? Does total reinsurance limit volume includes insurance placed in Lloyd’s as insurance producer?

Answer: Yes, the term “broker” includes the term “insurance producer”, as defined under the Puerto Rico Insurance Code, Act No. 77-1957, as amended, and relevant

---

4 Copy of which can be obtained following this links, for PREPA and PRASA, respectively: https://drive.google.com/file/d/1dXFJldZp0IsAObMZDBd7T2P5j2xMPaql/view; https://drive.google.com/file/d/1OGW4-yl9pRLEXK0-xWqgWu_eUAWAU54/view
5 Copy of which can be obtained following this links, for PREPA and PRASA, respectively: https://drive.google.com/file/d/1Wz8lWMClojzqBkm5O014g4k3n3RiEeXw/view; https://drive.google.com/file/d/lyic2-7URlA44N-Da-QjrTMPYdirJPhwE/view
regulations. Yes, total reinsurance limit volume includes placements in the Lloyd’s Syndicates as insurance producer.

12. Please explain the meaning of “total insurance volume across all types of cedents”?

**Answer:** Since the Evaluation Criteria set forth in Section 3.2 of the RFQ factors total reinsurance limit volume placed by Respondent into the reinsurance/insurance market(s) as a broker or intermediary for each of the previous five (5) fiscal years preceding the RFQ, to the extent applicable, the Evaluation Committee might also consider placements made in: (i) insurers, (ii) reinsurers, (iii) ceding insurers (i.e., an insurer that underwrites and issued an original, primary policy to an insured and contractually transfers, or cedes, a portion of the risk to a reinsurer), and (iv) ceding reinsurers (i.e., a reinsurer that transfer, or cedes, a portion of the underlying insurance to a retrocessionnaire).

13. Are tasks required to complete the Comprehensive Program allowed to be subcontracted?

**Answer:** The Government Parties prefer that firms submit individual responses and not submit joint responses to the RFQ. However, if a Respondent understands that its firm, or group of firms, would better respond fully to the RFQ by joining with other firms, then joint responses are allowed, as long as all firms responding thereunder comply with the requirements set forth in the RFQ, and an explanation of why the joint response would be better serve the Commonwealth’s interests as per the requirements of the RFQ.

14. Can Respondent be more than one firm working together?

**Answer:** The Government Parties prefer that firms submit individual responses and not submit joint responses to the RFQ. However, if a Respondent understands that its firm, or group of firms, would better respond fully to the RFQ by joining with other firms, then joint responses are allowed, as long as all firms responding thereunder comply with the requirements set forth in the RFQ, and an explanation of why the joint response would be better serve the Commonwealth’s interests as per the requirements of the RFQ.

15. Is there some conflict in providing insurance services for the Commonwealth and submitting qualifications under the RFQ [translation]?

**Answer:** Not necessarily. Nonetheless, due consideration will be provided under the (i) “Conflict of Interest Review” item, set forth in Section 3.2 of the RFQ, (ii) and the “Respondents Prior Work Related Activities and “Investment for the Commonwealth and/or its Component Units”, & “Related Activities and Investments”, items set forth in Section 3.11, of the RFQ.
Firms that can develop an insurance plan to meet FEMA’s Obtain & Maintain Insurance Requirement for the Commonwealth.

First Addendum

[THIS SPACE INTENTIONALLY LEFT BLANK]

****

This First Addendum of the RFQ does not modify nor change in any way none of the terms & conditions set forth in the RFQ.
