AAFAF has been compiling financial information from selected public corporations of the Commonwealth of Puerto Rico that are component units ("CU") for financial reporting purposes, as part of AAFAF’s evaluation of the liquidity of the Government of Puerto Rico and its public corporations.

This report is for the month of September 2019 ("Sep-19"), and presents information with respect to 19 select CUs. Fiscal Year 2020 ("FY20") Liquidity Plans for 18 CUs\(^1\) are still in development, and draft plans are a part of this Sep-19 report.

Each of the CUs has reported actual cash flow information for the month of September. Section “A” of this report for each CU provides year-to-date ("YTD") actual information, as well as the CU’s draft Liquidity Plan for the balance of FY20\(^2\). Analysis in section “A” includes details on actual receipts and expenses for Sep-19\(^3\), and where relevant, a year-over-year ("YoY") comparison to Sep-18 results.

The forecasts contain projections of cash receipts, cash disbursements, and CapEx. Cash receipts include revenues collected from operations; intergovernmental receipts – general fund appropriations and other transfers from Central Government, municipalities, and public corporations; disaster relief receipts – federal emergency funds, insurance proceeds related to Hurricanes Irma and Maria, and other federal funds. Cash disbursements include operating payments – e.g. payroll and related costs, PayGo charges, purchased services, professional services, transportation expenses, and disaster relief disbursements – e.g. expenditures related to the damages caused from Hurricanes Irma and Maria.

The CUs are also expected to report monthly headcount figures in order to monitor changes in staff levels and their actual and projected effects on payroll costs. This information is presented in the document under section “B” for each CU.

A Full Year FY20 Sources and Uses of Funds is provided to allow readers to bridge the beginning cash balance as of July 1, 2019 and forecasted ending cash at June 30, 2020. This information is presented in the document under section “C” for each CU. For the balance of the fiscal year, there is a forecast provided for each CU taking into consideration timing and permanent variances, based on conversations with CU finance and accounting leaders.

This report also contains pertinent working capital information for the CUs. Where available, the CUs have provided monthly information on Accounts Payable (“A/P”) and Accounts Receivable (“A/R”). Figures are unaudited and subject to change. This information is presented in the document under section “D” for each CU.

The report contains two Appendix items. The first of these Appendix items (Appendix A) is a cash reconciliation. A bridge is provided between the actual cash data provided by the CUs as of September 27, 2019 and the September 2019 AAFAF reported figures as of close of business on September 30, 2019 represented in the “Summary of Bank Account Balances for the Government of Puerto Rico and its Instrumentalities,” which was released on September 30, 2019. The second Appendix (Appendix B) item is a consolidated view of CU headcount and payroll information, which is based on information provided by CU management.

\(^1\) No Liquidity Plan will be prepared for COR3 for FY20, as it acts as a pass-through entity and does not disburse nor transfer out funds prior to having these transferred in from FEMA.

\(^2\) For 18 of the 19 CUs, references to Sep-19 in this report refer to the period of August 31, 2019 through September 27, 2019, when the CUs performed their monthly cut off for cash flow reporting purposes. UPR is reporting based off of the calendar month; therefore, the period is September 1, 2019 through September 30, 2019.

<tr>
<td><strong>PUERTO RICO PORTS AUTHORITY</strong></td>
<td>YTD liquidity at Ports decreased by $3.7M. Ports continues to make investments related to the Culebra ferryboat ramp repair project and Aguadilla Airport. Additionally, Ports anticipates it will receive an insurance settlement related to Hurricanes Maria and Irma of $14.6M in November.</td>
<td>32.7</td>
<td>29.0</td>
<td>55.9</td>
</tr>
<tr>
<td><strong>MEDICAL SERVICES ADMINISTRATION</strong></td>
<td>YTD liquidity has decreased by $1.7M primarily due to declining institutional revenues. Based on the current forecast, ASEM will require incremental General Fund appropriations to maintain operations. Liquidity is being negatively impacted by declining revenues from UDH and Pediatics, as well as reduced budgeted General Fund appropriations in FY20 versus FY19.</td>
<td>19.4</td>
<td>17.7</td>
<td>(10.1)</td>
</tr>
<tr>
<td><strong>PUERTO RICO INTEGRATED TRANSIT AUTHORITY</strong> (PRITA)</td>
<td>YTD liquidity at PRITA decreased by $2.9M as a result of higher-than-expected operating expenses, in addition to a reduction in intergovernmental support in this year’s budget. PRITA continues to have significant liquidity risk due to operating receipts being less than operating disbursements, requiring General Fund appropriations to support its public transportation services.</td>
<td>15.6</td>
<td>12.7</td>
<td>13.5</td>
</tr>
<tr>
<td><strong>STATE INSURANCE FUND CORPORATION</strong> (FONDO)</td>
<td>YTD liquidity has increased by $33.9M driven primarily by seasonal timing of collections for premiums; major invoice and collection periods are July/August and January. Fondo expects to build cash throughout FY20 as premiums collections exceed forecast disbursements.</td>
<td>177.5</td>
<td>331.4</td>
<td>391.8</td>
</tr>
<tr>
<td><strong>HEALTH INSURANCE ADMINISTRATION</strong> (ASEM)</td>
<td>YTD liquidity has increased by $497.3M as ASES is receiving monthly General Fund appropriations that will not be utilized until the allocated federal funding expiries. Based on current legislation, eligible federal funding will be fully depleted by April-20 and future funding will utilize cash on hand and remaining General Fund appropriations.</td>
<td>283.1</td>
<td>780.4</td>
<td>283.1</td>
</tr>
<tr>
<td><strong>HIGHWAYS AND TRANSPORTATION AUTHORITY</strong> (HTA)</td>
<td>YTD liquidity at HTA decreased by $31.1M primarily related to $8.2M in lower toll and fine revenue than expected in addition to $26.3M in lower federal funds than planned.</td>
<td>303.8</td>
<td>272.2</td>
<td>46.9</td>
</tr>
<tr>
<td><strong>PUERTO RICO PUBLIC BUILDINGS AUTHORITY</strong> (PBA)</td>
<td>Timing of rent payments in FY20 has had a temporary negative impact on PBA’s liquidity resulting in a $25.8M depletion of cash.</td>
<td>70.7</td>
<td>44.9</td>
<td>66.8</td>
</tr>
<tr>
<td><strong>CARDIOVASCULAR CENTER OF PUERTO RICO AND THE CARIBBEAN</strong> (CARDIO)</td>
<td>Component unit did not provide data for Sep-19.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>PUERTO RICO INDUSTRIAL DEVELOPMENT COMPANY</strong> (PRIDCO)</td>
<td>PRIDCO's liquidity has decreased by $21.5M as it has made payments related to prior year PayGo and FEDE obligations. Operationally, revenues are exceeding expectations and have been more than sufficient to support current year expenditures.</td>
<td>160.2</td>
<td>138.7</td>
<td>151.9</td>
</tr>
<tr>
<td><strong>HOUSING FINANCE AUTHORITY</strong> (HFA)</td>
<td>HFA began FY20 with $76.3M in cash. As of Sep-19 month end, the CU has an on-hand cash balance of $48.2M. The Liquidity Plan for the balance of FY20 will be developed in Q2-20.</td>
<td>78.1</td>
<td>48.2</td>
<td>N/A</td>
</tr>
<tr>
<td><strong>PUERTO RICO TOURISM COMPANY</strong> (TOURISM)</td>
<td>YTD liquidity has decreased due to payment of prior year payables including room tax disbursement and final amounts associated with prior years' marketing contracts. Despite this, Tourism expects to build cash throughout FY20 through continued outperformance of slot machine and room tax operations.</td>
<td>48.7</td>
<td>44.7</td>
<td>53.1</td>
</tr>
<tr>
<td><strong>FISCAL AGENCY AND FINANCIAL ADVISORY AUTHORITY</strong> (AAFAF)</td>
<td>YTD liquidity has increased due to timing of professional service payments which are partially delayed by the Title III fee application process. In particular, AAFAF has yet to make a payment pertaining to Title III fees, but has received an appropriation for the first three months of the fiscal year.</td>
<td>57.6</td>
<td>69.2</td>
<td>59.6</td>
</tr>
<tr>
<td><strong>DEPARTMENT OF ECONOMIC DEVELOPMENT AND COMMERCE</strong> (DDEC)</td>
<td>YTD liquidity has decreased due to increased payroll and operating expenses as a result of the DDEC consolidation; however, this is the result of timing as receipts are expected to increase in the coming months to reverse the current trend of negative cash flow.</td>
<td>24.7</td>
<td>22.5</td>
<td>28.3</td>
</tr>
<tr>
<td><strong>CONVENTION CENTER DISTRICT AUTHORITY</strong> (CCDA)</td>
<td>YTD liquidity has increased due to a steady schedule of events taking place at the venues, yielding consistent operating receipts. In addition, the Puerto Rico Tourism Company has made a $1.1M and a $1.5M transfer YTD to catch up on prior fiscal year cash owed to CCDA, which has offset expenditures.</td>
<td>8.1</td>
<td>8.6</td>
<td>8.3</td>
</tr>
<tr>
<td><strong>PUERTO RICO AGRICULTURAL DEVELOPMENT ADMINISTRATION</strong> (ADEA)</td>
<td>ADEA's coffee and school cafeteria programs are relatively in line with expectations, while subsidy payments are tracking lower than anticipated. Infrastructure payments are higher than anticipated given that a new law has moved the program to a different agency (Land Administration) and ADEA is in the process of moving previously received funds to that agency.</td>
<td>66.8</td>
<td>62.5</td>
<td>66.1</td>
</tr>
<tr>
<td><strong>AUTOMOBILE ACCIDENT COMPENSATION ADMINISTRATION</strong> (AACA)</td>
<td>YTD liquidity has decreased due to timing of receipt of insurance premiums during the month of July. Ordinary disbursements relating to payroll, insurance claims, and past-due PayGo were the largest contributors to the decline in liquidity; however, liquidity position is expected to reverse as prior month’s collections are received in the coming months.</td>
<td>20.2</td>
<td>17.8</td>
<td>16.5</td>
</tr>
<tr>
<td><strong>PUBLIC HOUSING ADMINISTRATION</strong> (PHA)</td>

The 19 CUs included in this report were overall 88.9% compliant in providing data D. Working Capital. CUs that provided insufficient information for reporting are mentioned in note (a) below.

Notes:

(a) Liquidity, Headcount, and Sources/Uses data is missing for the following CU:
   - Cardio.

(b) Working Capital data is not applicable for COR3, and missing for the following CUs:
   - ASEM, and
   - Cardio.
I. PUERTO RICO PORTS AUTHORITY ("Ports")

Primary Business Activity: The Puerto Rico Ports Authority is responsible for developing, improving, and administering all types of transportation facilities and air and sea services, as well as establishing and managing maritime collective transportation systems in, from, and to Puerto Rico.

Key Takeaways: YTD Puerto Rico Ports Authority receipts are higher than the same period the previous year due to improved cruise ship and maritime cargo traffic. Airport receipts are lower as compared to last year due to timing. For this period, Ports has generated $3.7M in negative net cash flow, which decreased its cash balance to $29.0M. Ports projects to end FY20 with $55.9M in cash.

A. FY20 Operating Liquidity – Actuals\(^3\) and Draft FY20 Liquidity Plan

1. ($3.7M) YTD actuals:
   a. $18.9M in YTD September receipts related to maritime operations.
   b. $3.4M in YTD September receipts related to airport operations, which are due to timing, and is expected to reverse.
   c. $4.3M in other receipts, primarily related to federal funds for CapEx programs.
   d. ($6.1M) in payroll expenses.
   e. ($6.4M) in PayGo payments.
   f. ($7.0M) in professional services, primarily related to ($5.7M) in insurance payments.
   g. ($3.4M) in professional services, primarily related to ($1.6M) for scanning of inbound freight containers at port terminals, and ($1.1M) in security at maritime and airport facilities.
   h. ($3.1M) in facility payments, primarily related to PRASA ($1.7M) and PREPA ($1.3M).
   i. ($3.4M) in CapEx primarily related to the Culebra ferryboat ramp repair project and Aguadilla Airport.
   j. ($0.9M) in other expenses.

2. ($2.6M) cash variance to the draft Liquidity Plan, driven by:
   a. $3.3M positive variance from receipts, of which $0.6M is from maritime, $0.4M is from airports, and $2.3M is from other receipts.
   b. ($5.9M) variance due to higher expenses, primarily resulting from ($6.7M) in operations from significant insurance payments made in Sep-19, partially offset by lower CapEx of $0.8M.

B. Headcount / Payroll

1. Headcount FTEs: Decreased from 501 to 472 from Sep-18 to Sep-19.
   a. Decrease in headcount is primarily due to the Voluntary Transition Program ("VTP"). These positions are not expected to be replaced.

2. Payroll: Disbursements are forecast to be $23.4M for FY20. YTD payroll is $6.1M, and in line with the forecast.

I. PUERTO RICO PORTS AUTHORITY (“Ports”) (Continued)

C. Full Year FY20 Sources and Uses of Funds

1. Sources $122.5M:
   a. Operating receipts of $101.0M, comprised of $81.9M in maritime receipts, $18.9M in airport receipts, and $0.2M in other receipts.
   b. Disaster-related receipts of $14.1M are a result of $14.0M insurance funds and $0.1M in FEMA funds.
   c. Federal and other funds total $7.3M.

2. Uses ($99.2M):
   a. Operating disbursements of ($54.6M), driven by payroll of ($23.4M), professional services of ($11.6M), other operating payments of ($7.2M), PREPA/PRASA at ($7.2M), purchased services of ($3.4M), materials and supplies of ($1.6M), and transportation and media ads at ($0.3M).
   b. PayGo contributions of ($25.1M).
   c. CapEx of ($19.5M).

D. Accounts Receivable / Accounts Payable

1. Accounts Receivable:
   a. No Change in accounts receivable from Jun-19 to Sep-19.

2. Accounts Payable:
   a. $6.4M increase from Jun-19 to Sep-19 driven by an increase of $7.7M in payables to third party suppliers primarily related to container scanning services and insurance payables, which are partially offset by a $1.4M decrease in intergovernmental payables, led by payments to PREPA and PRASA.

3. Working Capital:
   a. The change in net working capital through Sep-19 is a $6.4M source of cash due to the above changes.

4 Figures are unaudited and subject to change.
II. MEDICAL SERVICES ADMINISTRATION (“ASEM”)

Primary Business Activity: ASEM plans, organizes, operates, and administers centralized health services, provided in support of the hospital and other functions, offered to member institutions and users of the medical complex, the Puerto Rico Medical Center.

Key Takeaways: YTD, cash has decreased from $19.4M to $17.7M. The cash reduction YTD is driven by declining receipts from institutions and physician and medical plan receipts relative to FY19, as well as transfers to a restricted account for investments in improved electronic health records infrastructure. Continued decline in special revenues receipts year over year coupled with a ($24.7M) reduction in General Fund appropriations pose serious risks to liquidity in FY20. ASEM is currently projected to end FY20 with ($10.0M) in cash.

A. FY20 Operating Liquidity – Actuals\(^5\) and Draft FY20 Liquidity Plan

1. ($1.7M) YTD actuals:
   a. $15.7M intergovernmental institutional receipts mostly from UDH, ASEM’s largest institutional customer. $6.7M of these receipts pertain to prior years’ invoice payments.
   b. $12.4M in General Fund appropriations.
   c. $7.0M in physician and medical plan revenues.
   d. ($21.9M) in payroll-related disbursements, excluding PayGo. These disbursements currently remain favorable due to declining headcounts.
   e. ($13.9M) in operating disbursements, excluding payroll. The majority of these disbursements relate to medical supplies/services and professional service fees.
   f. ($1.7M) in transfers to a restricted account, which pertain solely to investments in information systems for improved electronic health records infrastructure.
   g. $0.6M in miscellaneous receipts.

2. ($2.3M) cash variance to the draft Liquidity Plan, which is driven by:
   a. Unfavorable variance in intergovernmental receipts of ($2.6M) due to declining institutional revenues from UDH and Pediatrico, ASEM’s largest institutional customers.
   b. $0.3M in other receipts/disbursements, which are timing related.

B. Headcount / Payroll

1. Headcount FTEs: Decreased from 1,630 to 1,464 from Sep-18 to Sep-19.
   a. Declining headcounts at ASEM remain a critical issue affecting capacity and operations, as employee retention has been difficult due to more favorable benefits offered by nongovernmental institutions.
   b. 54 FTEs departed ASEM in FY19 due to the VTP. The remainder of the decrease in headcount is due to increasing attrition. ASEM plans to backfill critical vacancies through increased hiring efforts in FY20 and professional services contracts.

2. Payroll: Disbursements are forecast to be $21.9M for FY20. YTD payroll is $103.1M.
   a. YTD payroll is favorable by $2.7M, but payroll-related disbursements are expected to increase throughout FY20 due to new hiring initiatives to offset rapidly declining headcounts. ASEM plans to hire 180+ employees to backfill vacancies related to skilled nursing and technician positions.

\(^5\) Appendix includes reconciliation between AAFAF reported cash figures and the figures in this report.
II. MEDICAL SERVICES ADMINISTRATION (“ASEM”) (Continued)

C. Full Year FY20 Sources and Uses of Funds

1. Sources $144.0M:
   a. Intergovernmental receipts account for $117.2M, or 81% of receipts, $50.0M of which relate to intergovernmental institutions. The remainder includes other intergovernmental revenue consisting of physician, medical plans, and institutional debt repayment from prior years totaling $17.5M, and the net appropriation from the General Fund of $49.8M.
   b. Operating receipts including third party payors and other income represent $26.8M, including $0.9M in transfers from a restricted account for FY20, or 19%.

2. Uses ($173.4M):
   a. ($170.9M) in operating disbursements for FY20, driven by payroll of ($103.1M), as well as vendor payments of ($67.7M), the key components of which are: materials and supplies ($25.3M), professional fees ($23.2M), purchased services ($8.0M), facilities and payments for public service ($4.8M), and other operating payments ($6.4M) comprised of equipment purchases, interest and banking fees, and other expenses.
   b. PayGo is ($2.6M) for FY20. The actual PayGo obligation is estimated to be approximately ($24.7M), though ($22.1M) is netted against ASEM’s total General Fund appropriation of $71.9M.

\(^6\) Figures are unaudited and subject to change.
III. PUERTO RICO INTEGRATED TRANSIT AUTHORITY (“PRITA”)

Primary Business Activity: PRITA serves as the Commonwealth’s central transit authority and is tasked with operating its network of public transit buses and certain maritime vessels.

Key Takeaways: YTD September 2019, PRITA has generated ($2.9M) in negative cash flow and ended the period with a cash balance of $12.7M. PRITA’s liquidity remains tight as it continues to rely on government support to maintain operations. PRITA projects to end FY20 with $13.5M in cash balance.

   c. $12.8M in government appropriations, of which $1.0M is related to Fast Ferry services at ATM.
   d. $6.1M in federal fund receipts, of which $2.8M received in September is related to new buses at AMA, while the rest is primarily related to preventative maintenance for buses and ferries.
   e. ($10.0M) in payroll and retirement expenses, with PayGo expenses for the YTD period at ($0.1M).
   f. ($7.2M) in operating expenses, of which ($5.3M) is related to supplies and materials for the operation and repair of the bus and ferry fleet, and ($0.5M) is related to insurance at AMA.
   g. ($7.4M) in CapEx, of which ($3.6M) is related to Fast Ferry operations at ATM, ($1.0M) is related to facility improvements at AMA, and ($2.8M) is related to the purchase of new buses at AMA funded via federal funds.
2. $0.4M cash variance to the draft Liquidity Plan, driven by:
   a. $3.2M positive variance from receipts, of which $1.8M is related to higher federal funds due to receipt of funds for new buses at AMA, $0.6M in general funds higher than LP, and $0.7M related to reimbursement at AMA for the Job Access and Reverse Commute Program (JARC) request from the prior year submission.
   b. ($2.8M) variance due to higher operating expenses, primarily due to ($2.9M) for CapEx related to new buses at AMA.

B. Headcount / Payroll
1. Headcount FTEs: Decreased from 881 to 852 from Sep-18 to Sep-19.
   a. Headcount decreased due to normal employee turnover, and participation in the VTP.

8 Figures are unaudited and subject to change.
A. **FY20 Operating Liquidity – Actuals** and Draft FY20 Liquidity Plan

1. **$153.9M YTD** actuals:
   a. Premiums collections are $277.7M.
   b. Payroll and related costs are ($48.5M).
   c. PayGo retirement contributions are ($23.7M).
   d. Total non-payroll related operating disbursements are ($51.5M), including: claims-related disbursements of ($17.4M); medical supplies and services disbursements of ($19.6M); contributions to other government entities of ($8.4M); and other operating disbursements of ($6.1M). Disbursements are anticipated to increase as unrecorded invoices are input into Fondo’s new automatic billing system and subsequent payments are made. Per management, outstanding data entries and reconciliations will be finalized over the next month.

2. **$3.1M** cash variance to the draft Liquidity Plan, which is driven by:
   a. $10.0M favorable timing variance in premiums collections.
   b. ($6.0M) unfavorable permanent variance in payroll and related costs due to difficulties and delays in achieving cost savings. Per management, Fondo will not be able to comply with the aggressive payroll target stated in the budget for FY20.
   c. ($0.8M) unfavorable timing variances in other receipts/disbursements.

B. **Headcount / Payroll**

1. Headcount FTEs: Decreased from 2,852 to 2,699 from Sep-18 to Sep-19.
   a. The decline in headcount is mostly due to 120+ employees entering the workforce reduction proposal in FY19. The remaining decline is due to normal turnover.

2. Payroll: Disbursements are forecast to be $180.8M for FY20 according to the Certified Budget. YTD payroll is $48.5M.
   a. FY20 payroll-related costs are expected to exceed the Certified Budget of $180.8M. FY19 payroll-related costs totaled $212.2M. Fondo has proposed an internal retirement plan to reduce its payroll-related costs, but savings would not begin to materialize until FY21. Fondo is awaiting approval from AAFAF and FOMB regarding this proposal.

---

9 Appendix includes reconciliation between AAFAF reported cash figures and the figures in this report.
C. Full Year FY20 Sources and Uses of Funds

1. Sources $670.3M:
   a. Premium collections account for $669.1M of operating receipts and are impacted by seasonality. The two primary invoice and collection periods are July and January of each fiscal year.
   b. Other receipts totaling $1.2M pertain mostly to interest earnings.

2. Uses ($456.0M):
   a. Operating expenses total ($357.5M), of which payroll is ($180.8M) and claims-related disbursements are ($59.9M). Excluding these two expenses, the majority of Fondo’s operating expenses consist of: payments made to other government entities as determined by laws, purchased services, and material and supplies expenses pertaining to medical services, equipment, and supplies, as Fondo is not just an insurance provider, but also provides medical services to its insured population.
   b. PayGo disbursements are projected to amount to ($95.9M) in FY20.
   c. Other expenses are ($2.6M) for FY20.

D. Accounts Receivable / Accounts Payable  

1. Accounts Receivable:
   a. $17.0M increase from Jun-19 to Sep-19 driven by premiums invoicing outpacing collections. Receivables are expected to decline in Jan-20 when the majority of collections are made on Jul-19 invoices.

2. Accounts Payable:
   a. $2.4M increase from Jun-19 to Sep-19 driven by a $1.4M increase in third party vendor payables, and a $1.1M increase in intergovernmental payables.

3. Working Capital:
   a. Working capital is unfavorable by $14.6M driven by increases in accounts receivable pertaining to premiums collections, which are expected to reverse in Jan-20.

---

10 Figures are unaudited and subject to change.
V. HEALTH INSURANCE ADMINISTRATION ("ASES")

Primary Business Activity: ASES implements, administers, and negotiates the Medicaid Health Insurance System in Puerto Rico through contracts with third party insurance underwriters to provide quality medical and hospital care to the Puerto Rico Medicaid and Platino (Medicaid + Medicare dual-eligible) populations.

Key Takeaways: YTD, cash has increased from $283.1M to $780.4M. The cash build of $497.3M was due to a catch up of federal funds related to prior months and General Fund appropriations, the majority of which have not yet been utilized for FY20 purposes given the Federal Medical Assistance Percentage ("FMAP") extension through Nov-19 of nearly 93%. It is normal for ASES to experience large cash swings month over month given the timing of disbursements for premiums expenses and subsequent federal reimbursement monies. Due to the expiration of the BBA 2018\(^\text{11}\) occurring in Sep-19, state funding is higher and federal funding sources are reduced in FY20 relative to FY19. There is uncertainty around whether the $125.0M in special revenues from municipalities and employers (CRIM funding) will materialize in FY20. If these collections do not materialize, then ASES must seek alternative funding sources, or receive increased appropriations from the General Fund.

FY20 Operating Liquidity – Actuals\(^\text{12}\) and Draft FY20 Liquidity Plan

1. $497.3M YTD actuals:
   a. $869.7M in federal funding receipts, which are lower in FY20 due to the expiration of the BBA 2018. $660.7M of these receipts were received in Sep-19 and pertain mostly to catch-up receipts for prior months.
   b. ($669.1M) in premiums and other healthcare-related disbursements.
   c. $229.3M in General Fund appropriations, which have been increased in FY20 relative to FY19 to offset lower federal funding.
   d. $72.1M in prescription drug rebates. ASES subcontracts with a third party PBM administrator for its management of the rebate program with pharmaceutical companies.
   e. ($4.6M) in other receipts/disbursements.

2. $149.0M cash variance to the draft Liquidity Plan, which is driven by:
   a. $204.3M variance in receipts driven almost entirely by favorable timing of federal reimbursement funds related to a catch up for prior months, including Jun-19.
   b. ($55.2M) variance in disbursements primarily due to unfavorable timing of premiums-related disbursements.

B. Headcount / Payroll

1. Headcount FTEs: Increased from 57 to 58 from Sep-18 to Sep-19.
   a. Headcount at ASES has remained relatively constant since the beginning of FY19, yet is expected to increase given new hiring initiatives at ASES.

2. Payroll: Disbursements are forecast to be $6.6M for FY20. YTD payroll is $1.2M.
   a. Payroll-related disbursements are expected to increase in the second half of FY20 due to the new hiring initiatives.

\(^{12}\) Appendix includes reconciliation between AAFAF reported cash figures and the figures in this report.
C. Full Year FY20 Sources and Uses of Funds

1. Sources $2,942.0M:
   a. Federal funding makes up $1,660.8M of receipts. The intergovernmental receipts of $1,042.1M are related to state funding of $917.3M and $124.8M of municipality and employer receipts. Third party operating receipts consist of drug rebates of $230.2M and other income of $8.9M.

2. Uses ($2,942.0M):
   a. Operating disbursements are primarily related to healthcare premiums and related costs ($2,908.8M), with the largest components being MCO premiums of ($2,799.8M), followed by the PBM administrator and HIV program of ($78.5M) and Platino premiums of ($30.5M).
   b. The remaining disbursements include other operating payments of ($26.2M) which relate to ASES’ administrative costs and overhead expenses, payroll of ($6.7M), and PayGo of ($0.3M).

D. Accounts Receivable / Accounts Payable

1. Accounts Receivable:
   a. $312.7M decrease from Jun-19 to Sep-19 driven by a $305.5M decrease in intergovernmental receivables, primarily related to a catch up on federal reimbursement funds for prior months that had accumulated at the TSA. The remaining increase is driven by a $7.2M decrease in third party receivables pertaining to prescription drug rebates.

2. Accounts Payable:
   a. $147.5M increase from Jun-19 to Sep-19 driven by third party payables increases of $147.7M. The primary component of the third party payable increases is its obligations to one particular MCO.

3. Working Capital:
   a. Changes are favorable by $460.2M, representing approximately 15.6% of FY19 sources of cash.
VI. HIGHWAYS AND TRANSPORTATION AUTHORITY (“HTA”)

Primary Business Activity: HTA controls and supervises highway facilities, sets tolls, issues bonds, and manages the construction of all major projects relating to the Commonwealth’s toll highway system.

Key Takeaways: YTD operating revenues of $30.6M are $8.2M below plan, driven primarily by a delay in the opening of a toll plaza and an increase in unpaid tolls. YTD central government receipts for infrastructure projects of $13.7M are $5.6M behind plan, while federal receipts of $67.3M are $26.1M behind plan, both due to timing and expected to reverse. For this period, HTA generated $31.7M in negative net cash flow, which decreased its cash balance to $272.2M. HTA projects a further cash use of $225.2M by fiscal year end due to CapEx projects and expects to end the year with a $46.9M cash balance.

A. FY20 Operating Liquidity – Actuals and FY20 Liquidity Plan

1. ($31.7M) YTD actuals:
   a. $30.6M in YTD receipts from tolls and other income, which are ($8.2M) behind plan due to the delay in the opening of a toll station, in addition to a higher amount of delinquent and unpaid tolls. Reduced toll income is permanent.
   b. $13.7M in YTD receipts from the central government, which are ($5.6M) behind plan due to a delay in receipt of infrastructure funding. Transfers related to this year’s infrastructure budget began in September.
   c. $67.3M in YTD receipts from the federal government, of which $56.7M is related to federal aid from FHWA and FTA, and $10.6M is related to an FHWA emergency reconstruction program. Federal receipts have had a ($26.1M) negative variance to plan, which is primarily timing related to the requesting of funds and receiving certification.
   d. ($12.5M) in payroll expenses.
   e. ($11.7M) in PayGo payments, which are $2.4M higher than plan, timing related, and expected to reverse.
   f. ($27.7M) in operating expenses, which are $10.5M favorable to plan. The favorable operating variance is primarily timing related due to a delay in the process of approval of invoices.
   g. ($91.4M) in CapEx, which is $1.7M lower than plan due to timing on payments during the period.

2. ($30.3M) cash variance to the draft Liquidity Plan, driven by:
   a. ($39.9M) negative variance from receipts, of which ($26.1M) is related to federal CapEx programs, ($5.6M) is related to intergovernmental receipts due from the PR government, and ($8.2M) is related to lower toll fares.
   b. $9.6M positive variance due to lower expenses versus Liquidity Plan, led by $8.9M in lower operating expenses and $1.7M in lower CapEx, offset by ($1.0M) in other inflow/outflows.

B. Headcount / Payroll

1. Headcount FTEs: Decreased from 946 to 879 from Sep-18 to Sep-19.
   a. The 67 headcount reduction is primarily due to the VTP. These positions are not expected to be replaced.
2. Payroll: Disbursements are forecast to be $53.6M for FY20 based on current projections. YTD payroll of $12.5M is tracking to plan.

   a. $7.3M increase from Jun-19 to Sep-19 driven by an increase of $11.2M in receivables from Puerto Rico’s Department of Treasury, partially offset by a $2.5M decrease in receivables from Federal Highway (FHWA). The increase in receivables from Puerto Rico’s Department of Treasury is expected to reverse in the coming months.

2. Accounts Payable:
   a. $16.1M increase from Jun-19 to Sep-19 driven by increases in third party payables of $3.2M and intergovernmental payables of $12.9M from federal construction and CapEx projects.

VII. PUERTO RICO PUBLIC BUILDINGS AUTHORITY (“PBA”)

Primary Business Activity: PBA constructs, purchases, or leases office, school, health, correctional, social welfare, and other facilities for lease to certain Commonwealth departments, component units, and instrumentalities.

Key Takeaways: Puerto Rico Buildings Authority has limited receipts fiscal year to date given that for FY20, rent will be paid directly to PBA by government agencies, whereas previously the majority of rent was paid via a single transfer from Hacienda. The delay has been compounded in FY20 given that the payment method was recently changed and the agencies will now pay rent directly to PBA. As such, PBA ran a cash flow deficit of $25.8M for YTD September and ended the month with a cash balance of $44.9M. PBA projects to end FY20 with a cash balance of $65.6M. Also of note, the CU filed for Title III in Sep-19.

A. FY20 Operating Liquidity – Actuals\(^\text{16}\) and Draft FY20 Liquidity Plan

1. ($25.8M) YTD actuals:
   a. $8.4M in revenues from government entities paid via direct invoice, of which $1.9M are related to FY19 invoices. PBA anticipates that it will no longer receive bulk transfers for rent from Hacienda; rather it will receive individual transfers from each agency.
   b. $0.8M in other income, primarily from third party concessionaires.
   c. $1.0M from FEMA for reimbursements for prior year expenses.
   d. ($11.9M) in payroll expenses, which are $2.6M lower than the same period the previous year due to reduced headcount and benefits.
   e. ($5.8M) in PayGo payments. PBA is up to date on its FY20 PayGo payments.
   f. ($11.9M) in purchased services, of which ($10.4M) are related to the annual insurance premium.
   g. ($2.9M) in payments for utilities, which are primarily related to a reduction in PREPA and PRASA payables.
   h. ($3.5M) in other expenses.

2. ($20.6M) cash variance to the draft Liquidity Plan, driven by:
   a. ($22.0M) negative variance from receipts, of which ($22.7M) is related to lower direct rent receipts from government agencies, partially offset by $0.7M in FEMA reimbursement receipts.
   b. $1.3M positive variance due to higher lower operating expenses versus Liquidity Plan, led by lower payroll.

B. Headcount / Payroll

1. Headcount FTEs: Decreased from 1,093 to 982 from Sep-18 to Sep-19.
   a. Decrease in headcount is primarily due to the VTP; these positions are not expected to be replaced.

2. Payroll: Disbursements are forecast to be $56.3M for FY20 based on the draft Liquidity Plan. YTD payroll of $11.9M is tracking lower than plan, which is permanent and related to continued efforts to lower benefits expenses.

\(^{16}\) Appendix includes reconciliation between AAFAF reported cash figures and the figures in this report.
C. Full Year FY20 Sources and Uses of Funds

1. Sources $122.8M:
   a. Intergovernmental receipts total $117.7M, all of which PBA now anticipates to be paid directly by other government entities.

   c. Other operating receipts total $1.7M, of which $0.7M are related to income from third party occupancy and $1.0M are related to other income, including interest income.

2. Uses ($127.8M):
   a. Operating disbursements total ($103.6M), consisting of payroll of ($56.3M), purchased services of ($22.3M), facilities and payments to public services of ($19.4M), professional services of ($2.1M), and other operating expenses of ($3.5M).
   b. PayGo contributions of ($23.3M).

3. Working Capital:
   a. The change in net working capital through Sep-19 was a $90.0M use of cash due to the above changes.

IX. PUERTO RICO INDUSTRIAL DEVELOPMENT CORPORATION ("PRIDCO")

Primary Business Activity: PRIDCO is engaged in the development and promotion of industry within Puerto Rico. It accomplishes its mission through a variety of incentives to attract businesses to expand operations within Puerto Rico, but primarily through the offering of commercial lease spaces and industrial facilities on favorable terms to qualifying enterprises.

Key Takeaways: PRIDCO began FY20 with $160.2M in operating cash due to not spending FEDE funds during FY19, and has reduced its cash balance to $138.7M to end the month of September. The largest contributor to liquidity decline is the disbursements related to FEDE, which are funded by transfers from the TSA for restricted use, and have outpaced forecast YTD. Rental receipts and asset sales have outperformed forecast YTD, and have been sufficient for supporting general operating expenditures within PRIDCO; however, during the month of August, PRIDCO made a $7.3M PayGo disbursement which has reduced its current outstanding debt from $18.9M to $11.6M. PRIDCO has been in negotiations to finalize a repayment plan for all of its outstanding PayGo debts from FY19.

   c. $1.4M in other income, representing interest income on deposits.
   d. ($18.9M) in intergovernmental disbursements, relating to FEDE funds and Rones de Puerto Rico. Source of cash for large disbursements has been generated from FY19 transfers from the TSA.
   e. ($11.9M) in operating expenses and payroll, the largest being ($7.2M) in purchased services and ($2.9M) in payroll.
   f. ($7.5M) in PayGo disbursements, consisting of past-due invoices from prior fiscal years.
   g. ($0.3M) in CapEx.

2. ($12.9M) cash variance to draft Liquidity Plan, which is driven by:
   a. ($15.1M) in FEDE Funds due to spending prior fiscal year inflows which were not disbursed, in addition to lower FY20 inflows than originally forecast as a result of timing from the TSA.
   b. $2.2M in net operating cash due to greater-than-forecast operating receipts and a timing variance in PayGo disbursements.

B. Headcount / Payroll

1. Headcount FTEs: Decreased from 188 to 146 from Sep-18 to Sep-19.
   a. Decline in headcount is related to the transfer of 42 employees from PRIDCO’s business development department to DDEC.

2. Payroll: Disbursements are forecast to be $12.9M for FY20. YTD payroll is $2.9M.
   a. YTD run rate for payroll is behind FY20 forecast due to timing of disbursements.

   b. Primary uses of unrestricted cash are PayGo of ($24.3M), operating expenditures of ($19.6M), payroll and related expenses of ($12.9M), and CapEx of ($4.0M).

D. Accounts Receivable / Accounts Payable

1. Accounts Receivable:
   a. $0.1M increase from Jun-19 to Sep-19 driven by an increase of expected inflows relating to Rones de Puerto Rico (Rums), offset by rent collections from third party tenants.

2. Accounts Payable:
   a. $0.6M decrease from Jun-19 to Sep-19 driven by payments relating to purchased services.

XI. TOURISM COMPANY OF PUERTO RICO ("Tourism")

**Primary Business Activity:** Tourism's purpose is to promote the tourism industry of Puerto Rico.

**Key Takeaways:** Year to date, cash has decreased from $48.7M to $44.7M. The ($4.0M) cash reduction is driven primarily by Tourism making paydowns on prior-year payables including room tax waterfall payments to CCDA and amounts associated with prior years’ marketing contracts. Despite this, Tourism expects to build cash throughout FY20 through continued performance of slot machine operations.

---

A. FY20 Operating Liquidity – Actuals and Draft FY20 Liquidity Plan

   f. $0.4M in miscellaneous receipts.
2. $4.0M cash variance to the draft Liquidity Plan, which is driven by:
   a. $2.9M favorable variance in operating expenses driven primarily by timing of cruise line incentive payments and payments to the Destination Marketing Organization ("DMO").
   b. $2.3M favorable timing variance in waterfall disbursements, which is partially offset by an unfavorable variance in operating receipts with slot machine and room tax collections of ($1.2M).

---

B. Headcount / Payroll

1. Headcount FTEs: Decreased from 376 to 368 from Sep-18 to Sep-19.
   a. Reduction in headcount is due to normal turnover.
   b. Headcount may increase subject to the pending rollout of the Video Lottery Terminals ("VLTs") pursuant to Act 257-2018. Tourism expects to hire up to 43 employees for the regulation and monetization of the VLTs, which is not considered in the Liquidity Plan.
2. Payroll: Disbursements are forecast to be $18.4M for FY20. YTD payroll is $4.5M.
   a. YTD payroll is in line with forecast.

---

24 Appendix includes reconciliation between AAFAF reported cash figures and the figures in this report.
XI. TOURISM COMPANY OF PUERTO RICO (“Tourism”) (Continued)

C. Full Year FY20 Sources and Uses of Funds

1. Sources ($380.0M):
   a. Tourism’s primary sources of funds are slot machine revenues of $299.6M, or 79%, and room tax revenues of $78.5M, or 20%. There is seasonality in the receipt of these funds, which may create temporary timing variances. Through its collections from slot machine gambling revenues and room taxes, Tourism funds the entirety of its operations and intergovernmental obligations through various waterfall distributions explained below.
   b. Other receipts total $1.8M, which consist mostly of fares and/or fines charged by Tourism to local street vendors.

2. Uses ($375.6M):
   a. Slot machines and room taxes have disbursements per a waterfall: slot machine funds are disbursed to Hacienda, University of Puerto Rico, and casinos; room tax funds are disbursed to the Convention Center and intercompany marketing and promotion funds. Tourism retains leftover funds after waterfall disbursements of ($225.3M) and ($5.9M) are made from slot machines and room taxes respectively.
   b. Operating expenses are projected to be ($108.4M), built from payroll at ($18.4M), DMO expenses of ($29.2M), subsidies/incentives at ($24.6M), purchased services at ($12.3M), media/ads at ($6.2M), professional service fees of ($3.1M), and other operating expenses of ($14.6M) consisting of event/promotions costs, air access incentives, utilities, and transportation costs.
   c. Tourism has made four payments totaling ($2.0M) related to PayGo contributions, including one payment that was deferred in FY19. For FY20 purposes, PayGo disbursements are in line with forecast, which are expected to total ($5.7M) for the fiscal year.
   d. Other disbursements are ($30.3M) in transfers to a restricted account.

D. Accounts Receivable / Accounts Payable

1. Accounts Receivable:
   a. $0.4M increase from Jun-19 to Sep-19 driven entirely by third party A/R increases due to normal timing of invoicing and collections pertaining to room tax and slot machine revenues.

2. Accounts Payable:
   a. $8.5M decrease from Jun-19 to Sep-19 driven by a decrease in third party A/P of $4.7M due mostly to Tourism making paydowns on its FY18 Marketing Contract. Intergovernmental A/P decreased by $3.8M related to payments made to CCDA for amounts owed per room tax waterfall legislation for FY19, as well as prior years.

3. Working Capital:
   a. Working capital levels have been unfavorable by $8.9M due to Tourism catching up on major spend activities incurred in prior years, including spend on the marketing contract delayed in FY18 due to the hurricanes.

   d. ($1.7M) in payroll and related costs.
   e. AAFAF has not made any disbursements related to Title III fees YTD.

   a. Greater professional service fees disbursed during the month of September as a result of carryover FY19 fees.

B. Headcount / Payroll

1. Headcount FTEs: Increased from 68 to 77 from Sep-18 to Sep-19.
   a. Increase in headcount was due to AAFAF needing additional personnel to provide fiscal services to various government entities.

Key Takeaways: DDEC began FY20 with $24.7M in operating cash, and has reduced its cash balance to $22.5M by September month end. Year to date, the largest reduction in cash is due to increased payroll disbursements and other operating expenses, which pertain to reorganization costs to form the new entity. DDEC’s headcount increased significantly over the TTM due to ongoing consolidation, so a budget reapportionment/consolidation of multiple budgets will be required to comply with the FY20 Certified Budget. Currently, all cash flow activity year to date reflects DDEC, the Permits Management Office, and the Office of Industrial Tax Exemption; however, the payroll expense includes an additional 48 FTEs for the Puerto Rico Trade and Export Company and 5 FTEs for the State Office of Energy Policy.

   e. ($3.5M) in payroll and related costs, which is below budget for the combined DDEC entity.
   f. ($0.1M) in PayGo disbursements.
2. ($1.7M) cash variance to draft Liquidity Plan, which is driven by:
   a. Federal grant receipts being lower by ($5.3M) than originally forecast, offset by $4.2M less disbursements.
   b. Operating disbursements exceeding receipts by ($0.7M) due to reorganization costs.

B. Headcount / Payroll
1. Headcount FTEs: Increased from 146 to 366 from Sep-18 to Sep-19.
   a. The increase in headcount throughout FY19 was due to the transfer of 42 employees from PRIDCO, 132 employees from OGPE, and 12 employees from OECI as a result of DDEC consolidation.
   b. At the beginning of FY20, DDEC began reporting an additional 48 employees, 43 of which belong to the Puerto Rico Trade and Export Company, and 5 of which belong to the State Office of Energy Policy.
2. Payroll: Disbursements are forecast to be $18.1M for FY20. YTD payroll is $3.5M.
   a. YTD run rate for payroll is behind forecast for FY20 due to recent declines in headcount, driven by retirement of tenured employees and general turnover at the beginning of the fiscal year.

Key Takeaways: CCDA began FY20 with $8.1M in operating cash, and has increased its cash balance to $8.6M by September month end. Liquidity has increased due to transfers from the Puerto Rico Tourism Company, which pertain to deferred collections from the prior fiscal year. Consistent with the prior fiscal year, event schedules at the managed venues continue to be booked, yielding steady operating receipts from the Coliseum and Convention Center.

A. FY20 Operating Liquidity – Actuals\(^{31}\) and Draft FY20 Liquidity Plan

1. $0.5M YTD actuals:
   a. $7.8M in operating receipts, with $7.0M relating to the Coliseum and Convention Center, and the remainder attributable to district revenue.
   b. $3.2M in Puerto Rico Tourism Room Tax transfers, in which $2.6M is due to the catch up in prior fiscal year payments owed to CCDA.
   c. $0.5M in other receipts, due to inflows from Bahía Urbana and interest income.
   d. ($9.6M) in operating disbursements, of which the majority relates to ($7.4M) in contracted services and ($1.9M) in facilities payments.
